Emergency operator Services

Who Is Michigan Rural Water Association?

We are the members who work for our community water and wastewater systems banded together since 1990.

We are the corporate partners who support our local communities in the quest for safe, clean water.

We are the dedicated staff who assist whenever possible the efforts of our local operators to enhance their knowledge and provide the great service folks have come to take for granted because we do our jobs efficiently.

We are affiliated with the National Rural Water Association.
